

Micki Rust

TTX Company

Director of General Equipment

Micki began her rail industry career in the Billing Department at GE Railcar Services, a railcar leasing company in Chicago. In December of 2015, she was offered an opportunity at TTX Company in the Finance Department as the Contract Compliance Auditor. In that role, she studied car hire rules and audited mileage and liability records before moving into the Fleet Department where she has held various positions, including railcar and program management. In November of 2022, Micki was promoted from Manager of Asset Management to her current role as Director of General Equipment.

Micki and her team coordinate and manage the distribution of the general equipment fleet of railcars to North America's Class I carriers, manage the North American Boxcar Pool, and assist carriers and shippers in heavy duty railcar reservations. In addition, Micki is involved with strategic decisions that support future TTX railcar needs and is responsible for partnering with internal stakeholders to ensure railcar availability meets the utilization needs of TTX partner owners.

Micki graduated from the University of Denver in June of 2022 with a Master of Science in Transportation Management and Supply Chain Operations. She also holds a Bachelor of Science in Business Administration from Winona State University in Winona, MN and was a four-year scholarship recipient student athlete on the Volleyball Team. She currently lives in the Chicagoland area with her devoted husband and two amazing children.
